

\$50,000,000 LEFT OUT OF THE BUDGET, BROWNE DECLARES

Reality Man Insists Hyman Increased Salaries and Added New Jobs.

Stewart Browne, representing the United Realty Owners' Association, who charged that over \$3,000,000 was transferred from a \$1,500,000 pension fund to meet increases in salaries, create new positions and renege items in the proposed city budget of \$331,000,000 which had been cut from the tentative budget, further declared today that if all proper items were included in the new budget it would be about \$50,000,000 greater than it is.

When the tentative budget was made up, says Mr. Browne, Mayor Hyman and other city officials announced that there would be no salary increases and no new positions. Likewise, the Mayor said he would be opposed to decreases.

When the tentative budget was reduced, Mr. Browne declared, there was a great flourish of official trumpets, and taxpayers were told day by day what the Hyman Administration was doing in the way of economy. At the last minute, before the budget had passed from the tentative stage to what is known as the "as proposed for adoption" stage, Comptroller Craig declared that there must be further cuts to bring the budget to approximately \$249,000,000, which was announced as the constitutional debt limit figure.

Over \$3,000,000 worth of personal service cuts made in the tentative budget were restored in the "as proposed for adoption" budget, Mr. Browne charges, by manipulating figures so that the money needed for the restoration could be taken from the pension funds.

"The budget makers are trusting to God to help them out on the pension funds," asserts Mr. Browne. A glance at the 1922 proposed budget, he says, will show just where the budget makers have put back money for salary increases, new positions and other items cut from the tentative budget. He declared that by following the asterisks set alongside figures one may determine just where the restorations have been made.

Some of the restorations by departments, according to asterisks, are as follows: Board of Aldermen, \$1,800; Board of Estimate, \$2,842; Finance Department, \$50,472; Taxes and Assessments, \$2,248; Municipal Civil Service, \$477; Licensees, \$8,744; Public Markets, \$2,668; Manhattan Borough President, \$310,995; Bronx Borough President, \$201,036; Brooklyn Borough President, \$314,407; Queens Borough President, \$350,895; Richmond Borough President, \$81,657; Education, \$27,925; City College, \$15,791; Hunter College, \$7,400; Park Board, \$800; Manhattan parks, \$182,741; Bronx parks, \$99,714; Brooklyn parks, \$164,928; Queens parks, \$52,327; Richmond parks, \$5,839; Police, \$66,825; Fire, \$140,674; Health, \$27,517; Public Welfare, \$70,255; Bellevue and Allied Hospitals, \$32,077; Water Supply, Gas and Electricity, \$328,622; Correction, \$20,381; Plant and Structures, \$315,411; Docks, \$65,787; City Record, \$1,201; Board of Purchase, \$7,439.

MASCOT IN HARD LUCK, IS SENT TO SING SING

Bernard C. Conway, twenty years old, who was the mascot of the Giants six years ago, was sentenced to Sing Sing Prison today by Judge Crane for from ten to twenty years for burglary in the first degree. Just where young Conway developed his criminal instincts was not brought out at the trial. Some one suggested that he saw how easily the Giants stole bases and got it into his mind stealing was the way to make a living.

Separated from his mascot job when he failed to bring in to the team Conway was soon a full-fledged young gangster. The police say that with others in the past year he robbed more than a score of houses. On May 2 he entered the home of Mrs. Eugenia Hernandez, No. 112 West Sixty-fifth Street, Manhattan, and he was charged by Patrolman Cannon of the East 67th Street station. They exchanged a few shots and when Cannon put one that was very near being called a strike, Conway decided his shooting was too good to be ignored and surrendered.

"You have caused more trouble in the last six months than the average law breaker in a lifetime," said Judge Crane to the former mascot when he sentenced him.

JERSEY'S WORST FOG HAMPERS ALL TRAFFIC

Delays Travel and Causes Injuries to Several Persons.

Traffic of every kind suffered in and around Jersey City from 10 o'clock last night until 4 o'clock this morning in the worst fog in memory. It blew in from Newark Bay and the meadows.

Tube trains to and from Newark were late; trolley service was thirty minutes off schedule, and all freight and passenger trains were delayed.

Many street accidents occurred, fully half a dozen persons having to go to hospitals. Most seriously injured is Dennis Laviola, thirty-one, No. 27 Mercer Street, whose horse became frightened at another horse that reared in the fog and shied. Laviola was thrown out and run over, and may not recover.

Another in the City Hospital is Policeman George Schaefer of the Oakland Avenue Station, who was on duty near the Erie Station when an automobile hit him.

IRISH CONFERENCE HELD OFF PENDING COMMONS DEBATE

Sinn Fein Delegates to Remain in London—Sessions to Resume After Monday.

LONDON, Oct. 28 (Associated Press).—The Irish Conference has been suspended until after next Monday, the day set for a discussion in

the House of Commons of the Government's policy in dealing with representatives of the Daily Eireann. Even the meetings of the committee representing the Government and Irish delegations have been suspended for to-day and to-morrow.

According to information obtained at Sinn Fein headquarters to-day, however, Prime Minister Lloyd George and Lord Chancellor Birkenhead may meet Arthur Griffith and Michael Collins, the Irish members of the committee on Monday.

Some of the members of the Daily Eireann, anticipating a blank week-end, had arranged to return to Ireland to-night, but Mr. Griffith asked them to remain in London, lest their return should be misunderstood. Moreover, he desired that the delegation should review together the whole situation, preparatory to Monday's debate in the Commons.

Sinn Fein circles were not apprehensive to-day regarding the debate, some of them saying it would serve to "clear the air" by bringing out the essentials and enable them to see how far Parliament would authorize the Prime Minister to go. If they think this authorization should not extend far enough, they intimated the conference might be broken off.

The latest arrival at Sinn Fein headquarters is Liam (William) Mellows, a member of the Daily Eireann and one of the organizers of the "Easter rebellion," who commanded the rebels in Galway and later escaped to America.

Columbia's Head for Curran. Dr. Nicholas Murray Butler, President of Columbia University, will make his debut in the municipal campaign to-night, when he will speak for Henry H.

Curran at a big meeting in the Morris High School. Another speaker will be Louis Marshall. James L. Wells, "father of the Bronx," will be chairman. The high school auditorium seats 900. It is expected it will be filled.

Left Wesleyan for Home via Niagara Falls on Oct. 13. MIDDLETOWN, Conn., Oct. 28.—The unidentified body of a young man found in the Niagara River near Buffalo, N. Y., last night is believed here to be that of Kenneth R. Losey, Class of 1923 at Wesleyan University. Losey has been missing since Oct. 10, when he left for home via Niagara Falls. His home was at Norwalk, Conn., and his parents have been notified that the university officers believe the body found was that of their son.

While there is apparently a deadlock between the companies and the drivers, platform men and others em-

played by the New York milk companies over the question of a wage scale after Nov. 1, J. J. Elkins Nathans, Secretary of the New York Milk Conference Board, said to-day New York would not suffer for milk in the event of a strike.

"We have held conferences with Health Commissioner Copeland, and he is co-operating with us. The city has the backing of the U. S. Transport service in case of an emergency and there are thousands of army trucks available to carry milk from the depots to the stations in New York from which it is distributed after pasteurization.

"Ten men can be obtained for every one that walks out, should it come to that, and the companies are prepared to put other men to work. We do not want a strike and hope there will be none, but we are not afraid of one. The New York Milk Conference Board has a moral obligation to see that the city does not suffer and we will live up to the obligation.

"The operating cost for distribution is now the same as it was in 1919, which was a war measure rate, and the unit cost of distribution must be decreased. We have made offers of arbitration and they have been declined. The men now get \$35 a week minimum for six days, with 2 per cent. on their collections. We wish to increase the percentage so that the men can continue to make as much money, though we have made a cut of 15 per cent. in the guaranteed wage."

It is understood the men will hold a meeting on Monday, when it is hoped action will be taken to avert a strike.

NEW YORK PLEDGED MILK SUPPLY EVEN IF DRIVERS STRIKE

Companies' Spokesman Says Plans Have Been Made so City Will Not Suffer.
